Neural Prosthesis Live Webinar Series

Fall 2019
The Cleveland FES Center was established through the US Department of Veteran's Affairs, Office of Rehabilitation Research & Development Service in 1991. The FES Center, a consortium in neuromodulation and neurostimulation, includes the Louis Stokes Cleveland VA Medical Center, Case Western Reserve University, MetroHealth Medical Center, University Hospitals of Cleveland, and the Cleveland Clinic Neurological Institute.

The focus of the Cleveland FES Center is to improve people’s lives by supporting fundamental research in the neuromuscular sciences, developing new technologies and methods, performing clinical evaluation and feasibility testing, and promoting the widespread deployment of new technologies through professional education and commercial partnerships.

The Neural Prosthesis (NP) Live Webinar Series brings together researchers, scientists, clinicians and students to encourage the exchange of scientific information on global emerging neuromodulation and neurostimulation topics.
About

The Neural Prosthesis (NP) Seminar Series debuted in 1988. Since its debut, this series has sponsored numerous distinguished clinicians and scientists, working in areas that include functional neuromuscular and electrical stimulation, neuromodulation, brain computer interfaces (BCI), pain mechanisms and blocking, simulation & modeling, autonomic system, traumatic brain injury (TBI), and other related areas.

The Neural Prosthesis Live Webinar Series is a public educational forum with prominent presenters active in all areas of research. The series brings together researchers, scientists, clinicians and students in the Northeast Ohio Research Community to encourage the exchange of scientific information on global emerging neuromodulation and neurostimulation topics.

In 2019, the Cleveland FES Center launched the NP Live Webinar Series to allow the live stream audience to participate in the Webinars. Submitted questions will be addressed during the Q&A following the presentation.

The NP Webinar Series is sponsored by the Cleveland FES Center in partnership with our co-hosts.
NEURAL PROSTHESIS LIVE WEBINAR SERIES

Fall 2019

**Tuesday, October 29**
3:00 PM
Wolstein Research Building, Room 1413

Dejan Marković, PhD
Professor
Electrical and Computer Engineering Department
University of California, Los Angeles

Co-hosted by:
University Hospitals
Neurological Institute

**Thursday, September 26**
4:00 PM
Biomedical Research Building, Room 105

Tim Bruns, PhD
Associate Professor, Biomedical Engineering
University of Michigan

Co-hosted by:
School of Engineering
Case Western Reserve University

**Thursday, November 7**
3:00 PM
Wolstein Research Building, Room 1413

Jeffrey Ardell, PhD
Professor In-Residence, Cardiology
David Geffen School of Medicine
University of California, Los Angeles
Director of UCLA Neurocardiology Center of Excellence
UCLA Cardiac Arrhythmia Center

Co-hosted by:
MetroHealth
Physical Medicine & Rehabilitation

**Thursday, December 5**
3:00 PM
Wolstein Research Building, Room 1413

Marom Bikson, PhD
Harold Shames Professor of Biomedical Engineering
The City College of New York

Co-hosted by:
Cleveland Clinic
Neurological Institute
