

CONGRATULATIONS NILOY BHADRA, MD, PhD

RECEIVES FUNDING FROM OHIO THIRD FRONTIER COMMISSION

Congratulations to Niloy Bhadra, MD, PhD, awarded \$50,000 from the Ohio Third Frontier Commission to further develop a removable device that uses electrical currents to block nerve signals for pain control. The Ohio Third Frontier Technology Validation and Start-Up Fund (TVSF) provides grants to advance technology developed by Ohio institutions of higher education and other nonprofit research institutions.

About the FES Center

The Cleveland FES Center is a consortium of the Louis Stokes Cleveland VA Medical Center, MetroHealth Medical Center, Case Western Reserve University, and University Hospitals. With their support, researchers, engineers and clinicians collaborate together to develop innovative solutions that improve the quality of life of individuals with neurological or other muscular skeletal impairments. Through the use of neurostimulation and neuromodulation research and applications, the Cleveland FES Center leads the translation of this technology into clinical deployment.
