

CONGRATULATIONS AASEF SHAIKH, MD, PhD

AMERICAN NEUROLOGICAL ASSOCIATION'S 2016 GRASS FOUNDATION AWARD IN NEUROSCIENCE

The American Neurological Association awarded Aasef Shaikh, MD, PhD the 2016 Grass Foundation Award in Neuroscience for his contributions to the field of neurology.

The Grass Foundation - ANA Award in Neuroscience was established in 2007 to recognize outstanding young physician-scientists conducting research in basic or clinical neuroscience. The Grass Foundation was established in 1955 by Albert and Ellen Grass to advance research and education in neuroscience, with a special focus on investigators early in their careers.

About the FES Center

The Cleveland FES Center is a consortium of the Louis Stokes Cleveland VA Medical Center, MetroHealth Medical Center, Case Western Reserve University, and University Hospitals. With their support, researchers, engineers and clinicians collaborate together to develop innovative solutions that improve the quality of life of individuals with neurological or other muscular skeletal impairments. Through the use of neurostimulation and neuromodulation research and applications, the Cleveland FES Center leads the translation of this technology into clinical deployment.
