

Congratulations
Rich Wilson, MD
Vice Chair of PM&R
The MetroHealth System and
Case Western Reserve University

The Cleveland FES Center congratulates Rich Wilson, MD, Director of the Division of Neurological Rehabilitation, MetroHealth System and Associate Professor of PM&R, School of Medicine Case Western Reserve University, on being named Vice Chair of the department of PM&R at the MetroHealth System and Case Western Reserve University.

Dr. Wilson's research expertise is in the development and assessment of percutaneous peripheral nerve stimulation for the treatment of musculoskeletal pain in neurologically impaired and unimpaired populations. He is a nationally recognized stroke rehabilitation clinician participating in the field as a clinician, educator, researcher and leader.

Please join us in congratulating Dr. Wilson and supporting him as he moves forward in this key role.

About the FES Center

The Cleveland FES Center is a consortium of the Louis Stokes Cleveland VA Medical Center, MetroHealth Medical Center, Case Western Reserve University, University Hospitals, and the Cleveland Clinic Neurological Institute. With their support, researchers, engineers and clinicians collaborate together to develop innovative solutions that improve the quality of life of individuals with neurological or other muscular skeletal impairments. Through the use of neurostimulation and neuromodulation research and applications, the Cleveland FES Center leads the translation of this technology into clinical deployment.
