

*Congratulations*  
**Erika Woodrum, CMI**  
Certified Medical Illustrator

The Cleveland FES Center congratulates Erika Woodrum on receiving the credential of a Certified Medical Illustrator (CMI) by the Board of Certified Medical Illustrators (BCMI).

A CMI has successfully passed examinations in business practices, ethics, biomedical science, and drawing skills and has undergone a rigorous portfolio review.

Medical illustration in the Cleveland FES Center supports the work of its investigators through education, research, and patient care by transforming complex information into visual images that have the potential to communicate to broad audiences.

#### **About the FES Center**

The Cleveland FES Center is a consortium of the Louis Stokes Cleveland VA Medical Center, MetroHealth Medical Center, Case Western Reserve University, University Hospitals, and the Cleveland Clinic Neurological Institute. With their support, researchers, engineers and clinicians collaborate together to develop innovative solutions that improve the quality of life of individuals with neurological or other muscular skeletal impairments. Through the use of neurostimulation and neuromodulation research and applications, the Cleveland FES Center leads the translation of this technology into clinical deployment.
